

## Mao and the Cultural Revolution

Editorial of the *Liberation Army Daily*, People's Republic of China, 1966 CE

The current great socialist Cultural Revolution is a great revolution to sweep away all monsters and a great revolution that remolds the ideology of people and touches their souls. What weapon should be used to sweep away all monsters? What ideology should be applied to arm people's minds and remold their souls? The most powerful ideological weapon, the only one, is the great Mao Zedong's thought. Mao Zedong's thought is our political orientation, the highest instruction for our actions; it is our ideological and political telescope and microscope for observing and analyzing all things. In this unprecedented great cultural revolution, we should use Mao Zedong's thought to observe, analyze and transform everything, and, in a word, put it in command of everything. We should use Mao Zedong's thought to storm the enemy's positions and seize victory. Our struggle against the black anti-Party, anti-socialist line and gangsters is a mighty, life-and-death class struggle. The enemies without guns are more hidden, cunning, sinister and vicious than the enemies with guns. The representatives of the bourgeoisie and all monsters, including the modern revisionists, often oppose the red flag by hoisting a red flag and oppose Marxism-Leninism and Mao Zedong's thought under the cloak of Marxism-Leninism and Mao Zedong's thought when they attack the Party and socialism, because Marxism-Leninism and Mao Zedong's thought are becoming more popular day by day, our Party and Chairman Mao enjoy an incomparably high prestige and the dictatorship of the proletariat in our country is becoming more consolidated. The many facts exposed during the great Cultural Revolution show us more clearly that the anti-Party and anti-socialist elements are all careerists, schemers and hypocrites of the exploiting classes. They indulge in double-dealing. They feign compliance while acting in opposition. They appear to be men but are demons at heart. They speak human language to your face, but talk devil's language behind your back. They are wolves in sheep's clothing and man-eating tigers with smiling faces. They often use the phrases of Marxism-Leninism and Mao Zedong's thought as a cover while greatly publicizing diametrically opposed views behind the word "but" and smuggling in bourgeois and revisionist stuff. Enemies holding a false red banner are ten times more vicious than enemies holding a white banner. Enemies who have wormed their way into our ranks are far more dangerous than enemies operating in the open. We must give this serious attention and be highly vigilant.
